> WORK EXPERIENCE

With over 14 years of professional experience in video production and multimedia design, I have had the opportunity to work for video production agencies, diverse companies, and public administration. My experience includes 6 years working in Sydney (Australia) and the remaining time in Buenos Aires (Argentina).

SENIOR VIDEO EDITOR - MEDIA MONKS

Full-time (February 2021 - Present)

I am part of the post-production team at Media Monks' Buenos Aires office, working as a Senior Video Editor. In my role, it is crucial to collaborate closely with specialists in diverse areas of video production, including animators, composers, colorists, and sound designers. We work as a cohesive team to deliver high-quality films for our clients.

For a period of two years, I was a member of a dedicated team that served Mondelez, a prominent client in the food industry. Our team, at Media Monks, an innovative global media production agency, produced TV commercials and a wide range of digital assets for renowned brands such as Oreo, Cadbury, Halls, Chips Ahoy, Philadelphia, and more. Additionally, I am currently involved in projects dedicated to Google, another major client of the agency.

Tasks

- **Video editing**
- **Motion graphics design**
- **Video adaptation for digital channels**

FREELANCE MOTION GRAPHICS DESIGNER

(February 2017 - Present)

As a freelance motion graphics designer, I have been involved in diverse projects for clients across various industries both nationally and internationally. My work primarily focuses on video editing and motion graphics design, where I have had the opportunity to create content for a wide range of clients.

VIDEOGRAPHER - CHAMBER OF DEPUTIES OF ARGENTINA

Permanent contract (March - December 2019)

During my tenure at the Internal Communication Office of the Chamber of Deputies, I served as a videographer, responsible for producing videos for both internal and external communication purposes. In this role, I contributed to enhancing the organization's messaging.

Tasks

- **Video camera operation and audio recording**
- **Video editing**
- **Motion graphics design**

MOTION GRAPHICS DESIGNER - WILLIAM HILL AUSTRALIA

Full-time (May 2014 - December 2016)

As a motion graphics designer, I was an integral part of the marketing team based in the Sydney office of William Hill, a global leader in the online gambling industry. In this role, I focused on producing a wide range of visual content, including open-air TV commercials, digital advertisements for platforms such as YouTube and social media channels, as well as internal communication videos. My work contributed to promoting the brand and engaging the target audience.

Tasks

- **Motion graphics design**
- **Video editing**
- **VFX**
- **Video adaptation for digital channels**

VIDEOGRAPHER - THINK SLIM

Freelance (May 2011 - November 2016)

As a dedicated videographer for Think Slim, a health and wellbeing company based in Sydney, Australia, I independently produced videos for both TV and online promotion. Working directly with the client, I took full responsibility for the production process, from conceptualization to filming and editing. Through my work, I helped convey the company's message effectively, showcasing their products and services in corporate videos.

Tasks

- **Video camera operation**
- **Video editing**
- **Audio recording**
- **Lighting**
- **VFX**
- **Motion graphics design**
- **UI and graphic design**

VIDEOGRAPHER & INTERACTIVE DESIGNER - 5 CUERDAS

Full-time (December 2009 - November 2010)

As a videographer at 5 Cuerdas, a video production and multimedia agency based in Buenos Aires, Argentina, I played an integral role in the production process. I was responsible for creating professional corporate and advertising videos that effectively communicated clients' messages and showcased their brands. Additionally, I also took on a secondary role as an interactive designer, utilizing Flash as the primary tool to create captivating interactive installations for events.

Tasks

- **Video camera operation**
- **Video editing**
- **VFX**
- **Motion graphics design**
- **Stereoscopic 3D video production**
- **UI design for touchscreens**
- **Touchscreens installation in exhibitions**
